

Naval Reactor Facility ~ Idaho Falls, Idaho

Hunter Saak self-performs with it's sister company Hunter Modular Construction providing all installation services.

Building Size: Approximately 28,000 square feet

Days to Complete: 30 (2006)

Owner: NAVFAC

Hunter Modular was contracted by Satellite Shelters to complete this installation for Bechtel. This project demonstrates Hunter Modular's capability to obtain access to secure locations. The project was awarded the 2008 MBI Award of Distinction.

ONE CALL PROVIDES IT ALL!
