

## Camp Pendleton Interim Facilities ~ Camp Pendleton, CA

**Hunter Saak self-performs with it's sister company Hunter Modular Construction providing all installation services.**

Building Size: Approximately 397,000 square feet

Start Date: November 2009

Completion Date: January 2011

Owner: Camp Pendleton ~ NAVFAC

This project consisted of 96 modular buildings for barracks, DOA and administration buildings for the Navy. There were multiple sites under construction at the base at all times. This project was successfully completed working as the General Contractor for Sundt-Williams Scotsman, a Joint Venture.

**ONE CALL PROVIDES IT ALL!**
