

Inner-City School Project Detroit, Michigan

Hunter Saak self-performs with it's sister company Hunter Modular Construction providing all installation services.

Completion Date: Summer 2001

Owner: Detroit School District

Hunter Modular Construction completed the erection of a 50,000 square foot permanent building for the Inner-City School Project during the summer of 2001. This project illustrates HMC's ability to successfully complete a multi-story permanent building project.

ONE CALL PROVIDES IT ALL!
